{Date}

Dear Sirs,

REF: Consultancy Service for Conducting a Three-Tiered Capacity Enhancement in Methane Emissions Detection and Mitigation in African Oil and Gas Sector

1. The African Union would like to engage the services of a consulting firm **to undertake the above referenced consultancy service**. The African Union now invites interested and eligible bidders to submit technical and financial proposals for the assignment as per the attached Terms of Reference (TOR).

2. A **FIRM** will be selected under the *Quality and Cost Based Selection Method* procedures described in this RFP. The weight for technical and financial scores shall be 70% and 30% respectively.

3. The RFP includes the following documents:

Section 1 - Letter of Invitation

Section 2 - Information to Consultants

Section 3 - Technical Proposal - Standard Forms

Section 4 - Financial Proposal - Standard Forms

Section 5 - Terms of Reference

Section 6 - Standard Forms of Contract.

4. The **TECHNICAL** and **FINANCIAL** proposal in **ELECTRONIC** form must be in **TWO SEPARATE** documents and PASSWORD protected and be delivered to the address below.

5. The deadline for submission of proposals is 1500 hours Addis Ababa time on **22 February 2026**. Late bids will be rejected.

6. Bidders may request for clarifications no less than seven (7) days from the deadline for submission, from afrec@africanunion.org; with copy to Bezas@africanunion.org;

7. Bidders must submit the following documents: (i) Certificate of incorporation (Company Registration); (ii) At Least 3 Contactable references in the last 5 years and (iii) Company profile demonstrating capacity (iv) CVs of proposed Experts (v) Statements of Availability for the proposed experts. These documents must be part of the Technical Proposal.

8. The address for deposit of bids is: afrec@africanunion.org; with copy to Bezas@africanunion.org

Section 2. Information to Consultants

1. Introduction

- 1.1 The Client named in the Data Sheet will select a firm from those listed in the Letter of Invitation, in accordance with the method of selection specified in the Data Sheet.
- 1.2 The consultants are invited to submit a Technical Proposal and a financial proposal, or a Technical Proposal only, as specified in the Data Sheet for consulting services required for the assignment named in the Data Sheet. The proposal will be the basis for contract negotiations and ultimately for a signed contract with the selected firm.
- 1.3 The assignment shall be implemented in accordance with any phasing indicated in the Data Sheet. When the assignment includes several phases, the performance of the consultant under each phase must be to the Client's satisfaction before work begins on the next phase.
- 1.4 The consultants must familiarise themselves with local conditions and take them into account in preparing their proposals. To obtain firsthand information on the assignment and on the local conditions, consultants are encouraged to visit the Client before submitting a proposal and to attend a pre-proposal conference if one is specified in the Data Sheet. Attending any specified pre-proposal conference is optional. The consultants' representative should contact the officials named in the Data Sheet to arrange for their visit or to obtain additional information on any pre-proposal conference. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.
- 1.5 The Client will provide the inputs specified in the Data Sheet, assist the firm in obtaining licenses and permits needed to carry out the services, and make available relevant project data and reports.
- 1.6 Note that: (i) the costs of preparing the proposal and of negotiating the contract, including a visit to the Client, are not reimbursable as a direct cost of the assignment; and (ii) the Client is not bound to accept any of the proposals submitted.
- 1.7 African Union policy requires consultants to provide professional, objective, and impartial advice, and at all times hold the Client's interests paramount, without any consideration for future work, and strictly avoid conflicts with other assignments or their own corporate interests. Consultants shall not be hired for any assignment that would be in conflict with their prior or current obligations to other clients, or that may place them in a position of not being able to carry out the

assignment in the best interests of the Client.

1.7.1 Without limitation on the generality of this rule, consultants shall not be hired under the circumstances set forth below:

- (a) Conflict between consulting activities and procurement of goods, works or services: A firm that has been engaged to provide goods, works, or services for a project, and each of its affiliates, shall be disqualified from providing consulting services related to those goods, works or services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, and each of its affiliates, shall be disqualified from subsequently providing goods, works or services resulting from or directly related to the firm's consulting services for such preparation or implementation (other than a continuation of the firms earlier consulting services for the same project).
- (b) Conflict among consulting assignments: Neither consultants (including their personnel and sub-consultants) nor any of their affiliates shall be hired for any assignment that, by its nature, may be in conflict with another assignment of the consultants.
- (c) Relationship with AUC staff: Consultants (including their personnel and sub-consultants) that have a business or family relationship with a member of AUC staff (or of the Client staff, or of a beneficiary of the assignment) who are directly or indirectly involved in any part of: (i) the preparation of the TOR of the contract, (ii) the selection process for such contract, or (iii) supervision of such contract may not be awarded a contract.

1.7.2 As indicated in paragraph 1.7.1 (a) above, consultants may be hired for downstream work, when continuity is essential, in which case this possibility shall be indicated in the Data Sheet and the factors used for the selection of the consultant should take the likelihood of continuation into account. It will be the exclusive decision of the Client whether or not to have the downstream assignment carried out, and if it is carried out, which consultant will be hired for the purpose.

1.7.3 In the event of 1.7.2. and in order to ensure fairness and transparency in the selection process, it is required that

consultants or their affiliates competing for a specific assignment do not derive a competitive advantage from having provided consulting services related to the assignment in question. To that end, all information that would in that respect give a consultant a competitive advantage shall be made available to all the short-listed consultants together with the request for proposals.

1.8 The African Union requires that Officers of the AU, as well as Bidders/ Suppliers/ Contractors/ Consultants, observe the highest standard of ethics during the procurement and execution of such contracts.¹ In pursuance of this policy the AU:

- (a) defines, for the purposes of this provision, the terms set forth below as follows:
 - (i) “corrupt practice”² is the offering, giving, receiving or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;
 - (ii) “fraudulent practice”³ is any act or omission including a misrepresentation that knowingly or recklessly misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation;
 - (iii) “collusive practice”⁴ is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
 - (iv) “coercive practice”⁵ is impairing or harming or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
 - (v) “obstructive practice” is deliberately destroying,

¹ *In this context, any action taken by a bidder, supplier, contractor, sub-contractor or consultant to influence the procurement process or contract execution for undue advantage is improper.*

² *“another party” refers to an officer of the AU acting in relation to the procurement process or contract execution. In this context, “officer of the AU” includes staff and employees of other organisations taking or reviewing procurement decisions.*

³ *a “party” refers to any officer of the AU; the terms “benefit” and “obligation” relate to the procurement process or contract execution; and the “act or omission” is intended to influence the procurement process or contract execution.*

⁴ *“parties” refers to any participants in the procurement process (including officers of the AU) attempting to establish bid prices at artificial, non competitive levels.*

⁵ *a “party” refers to any participant in the procurement process or contract execution.*

falsifying, altering or concealing of evidence material to any investigation or making false statements to investigators in order to materially impede any investigation into allegations of a corrupt, fraudulent, coercive or collusive practice; and/or threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation;

- (b) will reject a recommendation for award of contract if it determines that the bidder recommended for award has, directly or through an agent, engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for the contract in question;
- (c) will declare a firm ineligible, either indefinitely or for a stated period of time, to be awarded an African Union financed contract if it at any time determines that the firm has, directly or through an agent, engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for, or in executing, an African Union financed contract.

1.9 Consultants shall not be under a declaration of ineligibility for corrupt, fraudulent, collusive, coercive or obstructive practices issued by the AUC in accordance with the above sub-paragraph 1.8.

1.10 Consultants shall furnish information as described in the Financial Proposal submission form (Section 4A) on commissions and gratuities, if any, paid or to be paid to agents relating to this proposal, and to execute the work if the firm is awarded the contract.

1.11 Consultants shall be aware of the provisions on fraud and corruption stated in the Standard Contract under the clauses indicated in the Data Sheet.

**2. Clarification
and
Amendment of
RFP Documents**

2.1 Consultants may request clarification of any of the RFP documents up to the number of days indicated in the Data Sheet before the proposal submission date. Any request for clarification must be sent in writing by mail, facsimile, or electronic mail to the Client's address indicated in the Data Sheet. The Client will respond by facsimile, courier or electronic mail to such requests and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all invited consultants who intend to submit proposals.

- 2.2 At any time before the submission of proposals, the Client may, for any reason, whether at its own initiative or in response to a clarification requested by an invited firm, amend the RFP. Any amendment shall be issued in writing through addenda. Addenda shall be sent by mail, facsimile, or electronic mail to all invited consultants and will be binding on them. The Client may at its discretion extend the deadline for the submission of proposals.
- 3. Preparation of Proposal**
- Technical Proposal**
- 3.1 Consultants are requested to submit a proposal (paragraph 1.2) written in the language(s) specified in the Data Sheet.
- 3.2 In preparing the Technical Proposal, consultants are expected to examine the documents constituting this RFP in detail. Material deficiencies in providing the information requested may result in rejection of a proposal.
- 3.3 While preparing the Technical Proposal, consultants must give particular attention to the following:
- (i) If a consultant considers that it does not have all the expertise for the assignment, it may obtain a full range of expertise by associating with individual consultant(s) and/or other consultants or entities in a joint venture or sub-consultancy, as appropriate. Consultants may associate with the other consultants invited for this assignment only with approval of the Client as indicated in the Data Sheet. Consultants must obtain the approval of the Client to enter into a joint venture with consultants not invited for this assignment. The consultants are encouraged to seek the participation of local consultants by entering into a joint venture with, or subcontracting part of the assignment to consultants who are Nationals of African Union Member States.
 - (ii) For assignments on a staff-time basis, the estimated number of professional staff-months is given in the Data Sheet. The proposal shall, however, be based on the number of professional staff-months estimated by the firm. For fixed-budget-based assignments, the available budget is given in the Data Sheet, and the Financial Proposal shall not exceed this budget.
 - (iii) It is desirable that the majority of the key professional staff proposed be permanent employees of the firm or have an extended and stable working relationship with it.
 - (iv) Proposed professional staff must, at a minimum, have the experience indicated in the Data Sheet, preferably working under conditions similar to those prevailing in the Country specified for Performance of the Services.

- (v) Alternative professional staff shall not be proposed, and only one curriculum vitae (CV) may be submitted for each position.
- (vi) Reports to be issued by the consultants as part of this assignment must be in the language(s) specified in the Data Sheet.

3.4 The Technical Proposal shall provide the following information using the Standard Forms attached in Section 4:

- (i) A brief description of the firm's organisation and an outline of recent experience on assignments (Section 4B) of a similar nature. For each assignment, the outline should indicate, inter-alia, the profiles of the staff proposed, duration of the assignment, contract amount, and the firm's involvement.
- (ii) Any comments or suggestions on the Terms of Reference and on the data, a list of services, and facilities to be provided by the Client (Section 4C).
- (iii) A description of the methodology and work plan for performing the assignment (Section 4D).
- (iv) The list of the proposed staff team by specialty, the tasks that would be assigned to each staff team member, and their timing (Section 4E).
- (v) CVs recently signed by the proposed professional staff and the authorized representative submitting the proposal (Section 4F). Key information should include number of years working for the firm/entity and degree of responsibility held in various assignments during the last ten (10) years.
- (vi) Estimates of the total staff input (professional and support staff; staff time) needed to carry out the assignment, supported by bar-chart diagrams showing the time proposed for each professional staff team member (Sections 4E and 4G).
- (vii) A detailed description of the proposed methodology, staffing, and monitoring of training, if the Data Sheet specifies training as a major component of the assignment.
- (viii) Any additional information requested in the Data Sheet.

3.5 The Technical Proposal shall not include any financial

information.

- | | |
|---|--|
| Financial Proposal | <p>3.6 In preparing the Financial Proposal, consultants are expected to take into account the requirements and conditions outlined in the RFP documents. The Financial Proposal should follow the Standard Forms in Section 5. These list all costs associated with the assignment, including (a) remuneration for staff, (foreign and local, in the field and at headquarters); and (b) reimbursable expenses such as subsistence (per diem, housing), transportation (international and local, for mobilisation and demobilisation), services and equipment (vehicles, office equipment, furniture, and supplies), office rent, insurance, printing of documents, surveys, and training, if it is a major component of the assignment. Where appropriate, these costs should be broken down by activity, and, if appropriate, into foreign and local expenditures.</p> <p>3.7 The Financial Proposal shall include all the costs the consultant incurs to provide the services (including travel expenses, translation, printing and the taxes the consultant pays for its business requirements by the law of the domicile country of the consultant), but shall exclude all local taxes levied within African Union Member States on the invoice issued by the consultant (such as local sales tax, services tax or withholding tax).</p> <p>3.8 Consultants may express the price of their services in any freely convertible currency. The consultants may not use more than three foreign currencies. The Client may require consultants to state the portion of their price representing local costs in the Currency of the Country specified for performance of the Services if so indicated in the Data Sheet.</p> <p>3.9 Commissions and gratuities, if any, paid or to be paid by consultants and related to the assignment will be listed in the Financial Proposal submission form (Section 5A).</p> <p>3.10 The Data Sheet indicates how long the proposals must remain valid after the submission date. During this period, the consultant is expected to keep available the professional staff proposed for the assignment. The Client will make its best effort to complete negotiations within this period. If the Client wishes to extend the validity period of the proposals, the consultants who do not agree have the right not to extend the validity of their proposals.</p> |
| 4. Submission, Receipt, and Opening of Proposals | <p>4.1 The original proposal (Technical Proposal and, if required, Financial Proposal; see paragraph 1.2) shall be prepared in indelible ink. It shall contain no interlineations or overwriting, except as necessary to correct errors made by the firm itself. Any such corrections must be initialed by the persons or person</p> |

signing the proposal.

- 4.2 An authorised representative of the firm initials all pages of the proposal. The representative's authorisation is confirmed by a written power of attorney accompanying the proposal.
- 4.3 For each proposal, the consultants shall prepare the number of copies indicated in the Data Sheet. Each Technical Proposal and Financial Proposal shall be marked "Original" or "Copy" as appropriate. If there are any discrepancies between the original and the copies of the proposal, the original will govern.
- 4.4 The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked "Technical Proposal," and the original and all copies of the Financial Proposal in a sealed envelope clearly marked "Financial Proposal" and warning: "Do Not Open with the Technical Proposal." Both envelopes shall be placed into an outer envelope and sealed. This outer envelope shall bear the submission address and other information indicated in the Data Sheet and be clearly marked, "Do Not Open, Except in Presence of the Tender Opening Committee."
- 4.5 The completed Technical and Financial Proposals must be delivered at the submission address on or before the time and date stated in the Data Sheet. Any proposal received after the closing time for submission of proposals shall be returned unopened.
- 4.6 After the deadline for submission of proposals, the Technical Proposal shall be opened immediately by the Bid Opening Committee. The Financial Proposal shall remain sealed and retained securely until all submitted proposals are opened publicly.
- 4.7 The Firm may withdraw its Proposal after the Proposal's submission, provided that the written notice of the withdrawal is received by the Client prior to the deadline prescribed for submission of Proposals. The Firms' withdrawal notice shall be prepared, sealed, marked, and dispatched in accordance with the provisions of clause Deadline for Submission of Proposals. The withdrawal notice may also be sent by telex or fax but followed by a signed confirmation copy. No Proposal may be modified subsequent to the deadline for submission of proposals. No Proposal may be withdrawn in the Interval between the deadline for submission of proposals and the expiration of the period of proposal validity specified by the firm on the Proposal Submission Form.

5. Proposal Evaluation

- | | |
|--|---|
| General | <p>5.1 From the time the bids are opened to the time the contract is awarded, if any consultant wishes to contact the Client on any matter related to its proposal, it should do so in writing at the address indicated in the Data Sheet. Any effort by the firm to influence the Client in proposal evaluation, proposal comparison or contract award decisions may result in the rejection of the consultant's proposal.</p> <p>5.2 Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is completed.</p> |
| Evaluation of Technical Proposals | <p>5.3 The evaluation committee appointed by the Client, as a whole, and each of its members individually, will evaluate the proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, sub-criteria (typically not more than three per criteria), and point system specified in the Data Sheet. Each responsive proposal will be given a technical score (St). A proposal shall be rejected if it does not respond to important aspects of the Terms of Reference or if it fails to achieve the minimum technical score indicated in the Data Sheet.</p> <p>5.4 In the case of Quality-Based Selection, Selection Based on Consultant's Qualifications, and Single-Source Selection, the highest ranked firm, or the firm selected on a single-source basis, is invited to negotiate a contract on the basis of the Technical Proposal and the Financial Proposal submitted in accordance with the instructions given in paragraph 1.2 and the Data Sheet.</p> |
| Public Opening and Evaluation of Financial Proposals: Ranking (QCBS, Fixed-Budget, and Least-Cost Selection Methods Only) | <p>5.5 After the evaluation of technical quality is completed, the Client shall notify those consultants whose proposals did not meet the minimum qualifying score or were considered non-responsive to the RFP and Terms of Reference, indicating that their Financial Proposals will be returned unopened after completing the selection process. The Client shall simultaneously notify the consultants that have secured the minimum qualifying score, indicating the date and time set for opening the Financial Proposals. The opening date shall not be sooner than two weeks after the notification date. The notification may be sent by registered letter, facsimile, or electronic mail.</p> <p>5.6 The Financial Proposals shall be opened publicly in the presence of the consultants' representatives who choose to attend. The name of the consultant, the technical scores, and the proposed prices shall be read aloud and recorded as the Financial Proposals are opened. The Client shall prepare minutes of the public opening.</p> |

5.7 The evaluation committee will determine whether the Financial Proposals are complete (i.e., whether they have costed all items of the corresponding Technical Proposals; if not, the Client will cost them and add their cost to the initial price), correct any computational errors, and convert prices in various currencies to the single currency specified in the Data Sheet. The official selling rates used, provided by the source indicated in the Data Sheet, will be those in effect on the date indicated in the Data Sheet. The evaluation shall exclude those taxes, duties, fees, levies, and other charges imposed that are subject to the African Union exemption on the payment of taxes and duties, and estimated as per paragraph 3.7.

5.8 In case of QCBS, the lowest priced Financial Proposal (Fm) will be given a financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals will be computed as indicated in the Data Sheet. Proposals will be ranked according to their combined technical (*St*) and financial (*Sf*) scores using the weights (T = the weighting for the Technical Proposal; P = the weighting for the Financial Proposal as indicated in the Data Sheet. T + P = 1); The firm achieving the highest combined technical and financial score using the formula:

$$S = St \times T\% + Sf \times P\%$$

will be invited for negotiations.

5.9. In the case of Fixed-Budget Selection, the Client will select the firm that submitted the highest ranked Technical Proposal within the indicated budget price. Proposals that exceed the indicated budget will be rejected. In the case of the Least-Cost Selection, the Client will select the lowest evaluated cost proposal among those that passed the minimum technical score. The selected firm will be invited for negotiations.

6. Negotiations

6.1 Negotiations will be held at the address indicated in the Data Sheet. The aim is to reach agreement on all points and sign a contract.

6.2 Negotiations will include a discussion of the Technical Proposal, the proposed methodology (work-plan), staffing, and any suggestions made by the firm to improve the Terms of Reference. The Client and firm will then agree final Terms of Reference, staffing, and bar charts indicating activities, staff, periods in the field and in the home office, staff-months, logistics, and reporting. The agreed work plan and final Terms of Reference will then be incorporated in the “Description of Services” and form part of the contract. Special attention will be paid to getting the most the firm can offer within the available budget and to clearly defining the inputs required from the Client to ensure satisfactory implementation of the assignment.

- 6.3 Financial negotiations will reflect agreed technical modifications in the cost of the services, and will include a clarification of the firm's tax liability (if any) in the Country specified for performance of the Services, and the manner in which it will be reflected in the contract. The financial negotiations will not normally involve either the remuneration rates for staff (no breakdown of fees), or other proposed unit rates under QCBS, Fixed-Budget Selection, or the Least-Cost Selection methods. For other methods of selection, an Appendix will be provided for the firm to explain the required information on remuneration rates.
- 6.4 Having selected the firm on the basis including an evaluation of proposed key professional staff, the Client expects to negotiate a contract on the basis of the experts named in the proposal. Before contract negotiations, the Client will require assurances that the proposed experts will be actually available. The Client will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or that such changes are critical to meet the objectives of the assignment. If this is not the case and if it is established that key staff were offered in the proposal without confirming their availability, the firm may be disqualified.
- 6.5 The negotiations will conclude with a review of the draft form of the contract. On completion of negotiations, the Client and the firm will initial the agreed contract. If negotiations fail, the Client will invite the firm whose proposal received the second highest score to negotiate a Contract.
- 7. Award of Contract**
- 7.1 The contract will be awarded following negotiations. After negotiations are completed, the Client will promptly notify other consultants on the shortlist that they were unsuccessful and return the unopened Financial Proposals of those consultants who did not pass the technical evaluation (paragraph 5.3).
- 7.2 The firm is expected to commence the assignment on the date and at the location specified in the Data Sheet.
- 8. Confidentiality**
- 8.1 Information relating to the evaluation of proposals and recommendations concerning awards shall not be disclosed to the consultants who submitted the proposals or to other persons not officially concerned with the process, until the winning firm has been notified that it has been awarded the contract.

Appendix:⁶ Financial Negotiations; Breakdown of Staff Rates

APPENDIX TO INFORMATION TO CONSULTANTS

Financial Negotiations⁷ **Breakdown of Remuneration Rates**

1. Review of Remuneration Rates

- 1.1 The remuneration rates for staff are made up of salary, social costs, overheads, fee that is profit, and any premium or allowance paid for assignments away from headquarters. To assist the firm in preparing for financial negotiations, a sample form giving a breakdown of rates is attached (no financial information should be included in the Technical Proposal). Agreed breakdown sheets shall form part of the negotiated contract.
- 1.2 The Client is charged with the custody of African Union funds and is expected to exercise prudence in the expenditure of these funds. The Client is therefore concerned with the reasonableness of the firm's Financial Proposal, and, during negotiations, expects to be able to review audited financial statements backing up the firm's remuneration rates. The firm shall be prepared to disclose such audited financial statements for the last three years, to substantiate its rates, and accept that the proposed rates and other financial matters are subject to scrutiny. Rate details are discussed below.

(i) Salary

This is the gross regular cash salary paid to the individual in the firm's home office. It shall not contain any premium for work away from headquarters or bonus (except where these are included by law or government regulations).

(ii) Bonus

Bonuses are normally paid out of profits. Because the Client does not wish to make double payments for the same item, staff bonuses shall not normally be included in the rates. Where the consultant's accounting system is such that the percentages of social costs and overheads are based on total revenue, including bonuses, those percentages shall be adjusted downward accordingly. Where national policy requires that 13 months' pay be given for 12 months' work, the profit element need not be adjusted downward. Any discussions on bonuses shall be supported by audited documentation, which shall be treated as confidential.

(iii) Social Costs

Social costs are the costs to the firm of staff's non-monetary benefits. These items include, *inter-alia*, pension, medical and life insurance costs, and the cost of a staff

⁶ Delete this Appendix in the case of Quality- and Cost-Based Selection (QCBS), Fixed-Budget Selection, or Least-Cost Selection.

⁷ Used under Quality-Based Selection, Selection Based on Qualifications, and Single-Source Selection.

member being sick or on vacation. In this regard, the cost of leave for public holidays is not an acceptable social cost nor is the cost of leave taken during an assignment if no additional staff replacement has been provided. Additional leave taken at the end of an assignment in accordance with the firm's leave policy is acceptable as a social cost.

(iv) Cost of Leave

The principles of calculating the cost of total days leave per annum as a percentage of basic salary shall normally be as follows:

$$\text{Leave cost as percentage of salary} = \frac{\text{total days leave} \times 100}{[365 - w - ph - v - s]}$$

Where w = weekends, ph = public holidays, v = vacation, and s = sick leave.

It is important to note that leave can be considered a social cost only if the Client is not directly charged for the leave taken.

(v) Overheads

Overhead expenses are the firm's business costs that are not directly related to the execution of the assignment and shall not be reimbursed as separate items under the contract. Typical items are home office costs (partner's time, non-billable time, time of senior staff monitoring the project, rent, support staff, research, staff training, marketing, etc.), the cost of staff not currently employed on revenue-earning projects, and business promotion costs. During negotiations, audited financial statements, certified as correct by an independent auditor and supporting the last three years' overheads, shall be available for discussion, together with detailed lists of items making up the overheads and the percentage by which each relates to basic salary. The Client will not accept an add-on margin for social charges, overhead expenses, etc., for staff who are not permanent employees of the firm. In such case, the firm shall be entitled only to administrative costs and fees on the monthly payments charged for subcontracted staff.

(vi) Fee or Profit

The fee or profit shall be based on the sum of the salary, social costs, and overhead. If any bonuses paid on a regular basis are listed, a corresponding reduction in the profit element shall be expected. Fee or profit shall not be allowed on travel or other reimbursable expenses, unless in the latter case an unusually large amount of equipment has to be procured. The firm shall note that payments shall be made against an agreed estimated payment schedule as described in the draft form of the contract.

(vii) Away from Headquarters Allowance or Premium

Some consultants pay allowances to staff working away from headquarters. Such allowances are calculated as a percentage of salary and shall not draw overheads or profit. Sometimes, by law, such allowances may draw social costs. In this case, the amount of this social cost shall still be shown under social costs, with the net allowance shown separately. This allowance, where paid, shall cover home education, etc. and similar items shall not be considered as reimbursable costs.

(viii) Subsistence Allowances

Subsistence allowances are not included in the fee rates, but are paid separately and in the Currency of the Country specified for performance of the Services where practical. No additional subsistence is payable for dependents - the subsistence rate shall be the same for married and single team members.

UN standard rates for the Country specified for the performance of the Services may be used as reference to determine subsistence allowances.

2. Reimbursables

- 2.1 The financial negotiations shall further focus on such items as out-of-pocket expenses and other reimbursable expenses. These costs may include, but are not restricted to, cost of surveys, equipment, office rent, supplies, international and local travel, computer rental, mobilisation and demobilisation, insurance, and printing. These costs may be either fixed or reimbursable in foreign or local currency.

3. Bank Guarantee

- 3.1 Payments to the firm, including payment of any advance payment covered by a bank guarantee, shall be made according to an agreed estimated schedule ensuring the firm regular payments in local and foreign currency, as long as the services proceed as planned.

ITC Clause 5.3 The number of points to be given under each of the technical evaluation criteria are:

	<u>Points</u>
(i) Specific experience of the consultants/firm related to the assignment [25] <i>[Experience consulting on energy sector policy related to methane detection and mitigation, 5 points]</i> <i>[Experience in conducting training on methane management, 5 points]</i> <i>[Experience consulting on oil and gas policy related assignment, 10 points]</i> <i>[Experience working with African governments or project consulting in AU member states on any energy related assignment, 5 points]</i>	
(ii) Adequacy of the proposed work plan and methodology in responding to the Terms of Reference [40] <i>[Work plan covering all the scope of work prescribed in ToR, 20 points]</i> <i>[Methodology able to deliver all the assignment within the time frame, 20 points]</i>	
(iii) Qualifications and competence of the key staff for the Assignment [25] <i>[A Master's degree in Environmental, Engineering or Energy related discipline, 5 points]</i> <i>[Ten years energy sector consulting in methane management with five years practical experience in oil and gas for Lead consultant, 10 points]</i> <i>[Five years in Methane emissions management, Methane emissions policy or capacity building consulting for other consultants, 5 points]</i> <i>[Experience in conducting training on methane management, 5 points]</i>	
(iv) Suitability of the transfer of knowledge program [5] <i>[Maximum 5 points for demonstrated ability to train in both English and French, 2 points for only one AU official language]</i>	
(v) Local participation (as reflected by nationals of AU Member States among key staff presented by foreign and local firms; maximum not to exceed 10 points) [5] <i>[Maximum 5 points for a firm having all consultants being nationals of AU Member states]</i> <i>[1 point for 20% local participation, increasing by 1 point for every 20% additional local participation]</i>	

Total Points: 100

The number of points to be given under each evaluation sub-criteria for qualifications of staff under (iii) above are:

	<u>Points</u>
(i) General qualifications	[30]
(ii) Adequacy for the assignment	[50]
(iii) Experience in region	[20]

Total Points: 100

The minimum technical score required to pass is 70 points.

ITC Clause 5.7 The single currency for price conversions is: **USD**

THE SOURCE OF OFFICIAL SELLING RATES IS: *N/A SINCE ALL QUOTATIONS AND PAYMENTS SHALL BE IN USD*

The date of exchange rates is: *N/A since all quotations and payments shall be in USD* _____

ITC Clause 5.8 The formula for determining the financial scores is: $S_f = 100 \times F_m/F$
Where S_f is the financial score, F_m is the lowest price and F the price of the proposal under consideration.

The weights given to the technical and Financial Proposals are:

Technical = 70% [*Normally between 70 to 80%*], and

Financial = 30% [*Normally between 20 to 30%*]

ITC Clause 6.1 Negotiations will be held at: *After selection of the best bidder.* _____

ITC Clause 7.2 The assignment is expected to commence on [date] at [location]: ***Exact date to be agreed upon with selected bidder.***

Consultancy Service

for

Conducting a Three-Tiered Capacity Enhancement in Methane Emissions Detection and Mitigation in African Oil and Gas Sector

1. Background

The African Energy Commission (AFREC) is a specialized technical agency of the African Union Commission (AUC), under the Department of Infrastructure and Energy created by Decision of the 37th Summit of the OAU African Heads of States and Governments in July 2001 and officially launched by the African Union Ministers in charge of Energy in February 2008 in Algiers, Algeria.

As per its convention, AFREC has a broad mandate including:

- Develop policies, strategies, research and plans based on Member States, sub-regional, regional and continental development priorities and recommend their implementation.
- Design, create and update an energy continental database and facilitate the rapid dissemination of information and exchange of information among Member States, sub-regional, regional and continental institutions.
- Provide technical support, mobilize financial and technical support while providing capacity building to the Member States, sub-regional, regional and continental institutions.
- Undertake training and capacity building programmes in various African energy sectors in order to develop political, managerial, technical and decision-making capacities in AU member states and advise on the development of human resources in the energy sector.

AFREC's activities and programmes are also based on the AUC Strategic Plan, various resolutions and declarations adopted by AU Summits and Energy Ministers regarding energy development in Africa. Currently, AFREC is implementing eight (8) pillar programmes with one of them being the Oil and Gas programme. This consultancy is therefore being implemented as part of the Oil and Gas programme under the grant for Methane Emissions Management and Capacity Building in the African Oil and Gas Sector.

2. The Methane Emissions Challenge

Methane, a potent greenhouse gas is responsible for at least 30% of current rise in global temperature and has over 80 times warming effect compared to Carbon dioxide over a 20-year period. Its emissions remain a major challenge in the oil and gas producing jurisdictions. This challenge is exacerbated by the lack of knowledge and investment in early detection and mitigation systems leading to excessive emissions in the atmosphere which have adverse effect on the climate.

Recent initiatives to reduce methane emissions from oil and gas operations undertaken by countries and companies within and outside Africa offer promising insights into the achievable. Moreover, some jurisdictions including the European Union (EU) are moving towards a regulation requiring fossil fuel trading to comply with methane emissions intensity limit or pay a penalty for non-compliance. However, to adequately address the magnitude of the challenge within the necessary timeframe, these efforts must be swiftly amplified and embraced throughout the global oil and gas supply chain.

3. Objective

The main objective of this consultancy service is to build technical capacity of AU Member States in Methane Detection, Measurement, Monitoring, Reporting and Verification across the oil and gas value chain by providing a tailored three-tier capacity enhancement and training. The service will be carried out by working directly with selected African Union Member States involved in the operations of the oil and gas value chain while ensuring relative customization of capacity building based on the respective unique profile of a beneficiary country.

Specifically, the consultancy service has the following key objectives:

- I. To develop training modules, selection criteria of participants, delivery mode and deliver Level 1 training to beneficiary countries.
- II. To develop training modules, selection criteria of participants, delivery mode and deliver Level 2 training to beneficiary countries.
- III. To develop training modules, selection criteria of participants, delivery mode and deliver Level 3 training to a beneficiary country
- IV. To develop monitoring and evaluation criteria to assess impact of the capacity building on knowledge enhancement and tangible action on methane emissions reduction.

4. Focused regions and beneficiary countries

This capacity enhancement will focus on the African continent covering selected countries involved in the oil and gas operations across the petroleum value chain. The beneficiary countries will be selected by AFREC in consultation with the selected countries involved in the oil and gas operations based on the criteria developed by the consultant and approved by AFREC. Level 1 training will be carried out in two countries; Level 2 training will be carried out in two countries and Level 3 training will be carried out in one country.

5. Scope of work for each level of training

Level 1 Training

This level will focus on delivery of the basic training on methane emissions that is required to have a common understanding of the issues, key challenges and opportunities in addressing methane emissions, learn about technological landscape, etc. As a minimum, the consultant

will be required to develop content and deliver training that covers fundamentals of methane emissions, detection, measurement, quantification and mitigation leading to actionable reduction in emissions. The training will be delivered in person over a maximum of three (3) days to up to a maximum of 40 participants for each training session in each of the two (2) countries for which funding will be made available. The consultant will be required to develop and hand over training materials to AFREC (including presentations, documents, case studies, exercises videos, etc.) to be uploaded to AFREC website and made available to the public through the AFREC Capacity Building Information System (CBIS) after the agreed sessions are delivered.

Level 2 Training

This level will be a follow-up, more in-depth and focused capacity building covering the content developed and following Level 1 training and may be delivered in a country that benefited from Level 1 training, or any other country assessed to fit the criteria and profile of Level 2 training. As a minimum, the training should offer more in-depth and hands-on knowledge, based on immersive practical exercises, group work, brainstorming and real-life situations related to methane management modelled for applied knowledge by participants during the sessions. This level should also include on-site demonstration of the methane detection equipment. The training will be delivered in person over a maximum of five (5) days to up to a maximum of 20 participants for each training session in each of the two (2) countries for which funding will be made available. The consultant will be required to develop and hand over training materials to AFREC (including presentations, documents, case studies, exercises videos, etc.) to be uploaded to AFREC website and made available to the public through the AFREC Capacity Building Information System (CBIS) after the agreed session is delivered.

Level 3 Training

This level is the most comprehensive and applied level of capacity building that will be offered to one (1) country to guide the government/regulator and the facility operator in the country through a full methane management cycle using a pilot oil and gas facility as an example. The training must utilize the full scale of selection criteria developed by the consultant and approved by AFREC, identification of emissions sources, practical demonstration of onsite detection, measurement and quantification while working with key stakeholders. The training should also include analysis of facility methane inventory, development of mitigation action plan and supporting the country to develop its own national methane emissions baseline and mitigation pathways. It is envisaged that this in country capacity building will take at least two (2) weeks with possibility of extension depending on ease of facility access. The consultant will be required to develop and hand over training materials to AFREC (including presentations, documents, case studies, exercises videos, etc.) to be uploaded to AFREC website and made available to the public through the AFREC Capacity Building Information System (CBIS) after the agreed session is delivered.

6. Expected outcomes.

The overall outcome of this consultancy is to enhance the capacity of AU member states in methane emissions management through training sessions targeting key stakeholders including government policy makers, planners, regulators of oil and gas activities and environment, national oil and gas companies and other stakeholders whose contribution will

lead to increased action on mitigation of methane emissions in order to achieve the climate goal of cutting methane emissions by at least 75% from the fossil fuel sector by 2030.

7. Deliverables

The consulting firm or team of consultants shall be required to deliver the following:

- I. An inception report within two (2) weeks after signing of the contract covering the methodology to be used in designing and delivering of the training programme to meet the objectives and scope of work including but not limited to details of content of training modules in both English & French, and required assessments to successfully deliver trainings at levels 1, 2 and 3.
- II. Submit as part of the inception report, the country selection criteria and participants selection criteria for trainings at levels 1, 2 and 3.
- III. Attend an inception meeting with AFREC technical team to harmonise understanding of the deliverables within three (3) weeks after contract signing.
- IV. Develop and submit training materials in both English and French including detailed modules and content, presentations, case studies, exercises, videos etc for delivery of trainings at levels 1,2 and 3 within seven (7) weeks after signing of the contract for review and validation of the contents and roadmap by AFREC and selected group of experts.
- V. Deliver Level 1 training in two (2) countries, Level 2 training in two (2) countries and Level 3 training in one (1) country, all within a maximum period of 16 months after signing the contract. The actual dates of the trainings will be agreed upon with AFREC and beneficiary countries.
- VI. For each training session, provide support and guidance to participants pre, throughout and post the training programme as necessary.
- VII. For each training, prepare training certificates for all successful participants to be awarded after each training session.
- VIII. Submit to AFREC a training report within two (2) weeks after each training session for Levels 1 and 2, and a comprehensive report within three (3) weeks after Level 3 training session.
- IX. Submit at the end, a draft final report incorporating all the training sessions including challenges, lessons learnt and possible areas of improvements for the project within but not later than one (1) month after the completion of the last training session.
- X. Submit as part of the draft final report a monitoring and evaluation tool which can be linked to the AFREC Capacity Building Information System (CBIS) to assess impact of the capacity building on knowledge enhancement and tangible action on methane emissions reduction.
- XI. Incorporate comments from AFREC on the draft final report within but not later than two (2) weeks after receiving the comments.

- XII. Submit final report including all training materials (presentations, documents, case studies, exercises videos, etc.) to AFREC, within but not later than two (2) weeks after receiving AFREC comments to be uploaded to AFREC website and made available to the public through the AFREC Capacity Building Information System (CBIS).

The deliverables are summarized in the below table:

Number	Deliverables	Period after contract signing
1	Contract signature	0
2	Inception Report	Within 2 weeks
3	Inception meeting with AFREC technical team	Within 3 weeks
4	Develop and submit training materials in both English and French including detailed modules and content, presentations, case studies, exercises, videos etc.	Within 7 weeks
5	Attend validation meeting with AFREC and selected experts to validate training content & roadmap	Within 8 weeks
6	Deliver Levels 1, 2 and 3 trainings including individual session reports	Within 16 months, to be harmonised between AFREC and consultant
7	Submit draft final report incorporating all training sessions including monitoring & evaluation tool	Within one (1) month after the completion of the last training
8	Incorporate comments from AFREC on draft final report	Within two (2) weeks after receiving AFREC comments
9	Submit final report and training materials to AFREC	Within two (2) weeks after receiving AFREC comments

8. Qualification/Expertise

For the Team Leader:

- A minimum of master's degree in Environmental Science, Environmental Engineering, Oil and Gas Engineering or Energy Management discipline from an internationally recognized institution.
- At least ten (10) years experience in the energy sector with a demonstrated practical experience in managing or training of methane emissions projects with at least five (5) years in the oil and gas sector.
- Five (5) years of experience in training on methane management is desirable.
- Demonstrated knowledge of energy policies, project management, energy economics and finance, oil and gas operations and petroleum value chain will be an added advantage.
- Team management, communications and stakeholder engagement skills
- International or regional experience is desirable with a good knowledge of African energy landscape.

Other Experts shall have:

- A minimum of master's degree or equivalent in an Engineering, Environmental or energy related discipline with demonstrated working

experience of at least five (5) years in Methane emissions management, Methane emissions policy or capacity building consulting.

- (h) Five (5) years of experience in training on methane management is desirable or verifiable five (5) years of experience working on methane management projects or both.
- (i) International or regional experience is desirable with a good knowledge of African energy landscape.
- (j) Demonstrated knowledge of oil and gas operations and petroleum value chain will be an added advantage.

9. Time frame

The consulting firm or a team of consultants will be expected to achieve all the deliverables and submit the final report to AFREC within but not later than 16 months after the signing of the contract.

10. Conditions of Contract Award

- AFREC will guarantee funds for the first training session at all levels, however if the performance of the consultant is not satisfactory or in case the funds are not available for the subsequent sessions or both, AFREC reserves the right to discontinue the contract with respect to the other training sessions.
- For all training sessions, the successful consultant shall be required to confirm its proposals submitted at the time of bidding (availability of experts, cost, etc) before commencement of work. Should there be no significant deviation from the original proposal, AFREC will issue a no objection letter to allow the consultant to proceed with training sessions in a country.
- In case there are considerable deviation from the original proposal for any specific training session, AFREC will seek approval from the African Union Tender Board before giving the consultant approval to proceed with the sessions.
- After approval of the inception report, the consultant will submit the first invoice for 20% payment of the total training cost for Levels 1, 2 and 3 to support with consultant's preparation of detailed content of the trainings. The second invoice for 20% total payment will be submitted to AFREC after submission of the training materials in both English and French including detailed modules and content, presentations, case studies, exercises, videos etc. meant to deliver the trainings at levels 1, 2 and 3. The third invoice for 20% total payment will be submitted to AFREC after completing any three (3) of the five (5) training sessions at any level. The fourth invoice of 20% total payment will be submitted to AFREC after completing the remaining two (2) training sessions at any level. The last invoice of 20% will be submitted to AFREC after submission of the relevant final report and training materials. The payment schedule is summarised in the table below.

Number	Deliverables	Instalment / payments weight
1	Contract signature	
2	Inception Report	20%

3	Inception meeting with AFREC technical team	
4	Develop and submit training materials in both English and French including detailed modules and content, presentations, case studies, exercises, videos etc.	20%
5	Attend validation meeting with AFREC and selected experts to validate training content & roadmap	
6	Deliver any 3 of 5 trainings sessions at any level.	20%
	Deliver any 2 of 5 trainings sessions at any level.	20%
7	Submit draft final report incorporating all training sessions including monitoring & evaluation tool	
8	Incorporate comments from AFREC on draft final report	
9	Submit final report and training materials to AFREC	20%

11. Communication and Management of Assignment

- AFREC will assign a project manager for this assignment who will be in close contact with the consultants to provide all necessary guidance and support needed to deliver the work. He will also help in coordinating with African Union member states and arranging meetings related to this assignment when required.
- Since all the assignments are meant to be carried out in person in the respective African countries, the consultant will be required to nominate in consultation with AFREC a minimum of two and a maximum of three facilitators for each training session specifying each person's role during the session. AFREC will cover their travel expenses in economy class air ticket and daily subsistence allowance at the rate approved by African Union for the city in which the training session will take place. The consultant is however free to work with as many staff and with third parties as deemed necessary to deliver the assignment.
- All communications and submissions will be deemed to have been delivered when sent through the official email addresses of the two parties with the focal persons in copy.

12. Technical Proposal

In preparing the Technical Proposal, consultants are expected to examine the documents constituting this RFQ in detail. The Technical Proposal shall provide the following information:

- (a) A brief description of the firm and/or the team and an outline of recent experience on assignments of a similar nature with sufficient information including duration of the assignment, contract amount, and the firm's involvement.
- (b) Any comments or suggestions on the Terms of Reference or the region for the assignment and facilities or data to be provided by the Client.
- (c) A description of the methodology and work plan for carrying the assignment.
- (d) A Ghant chart showing the different activities of the assignment together with the time frame allocated for each activity within the execution period.

- (e) The list of the proposed staff team by specialty, the tasks that would be assigned to each staff team member, and their man hours to be spent on the project.
- (f) Updated CVs signed by the proposed consultants and the authorized representative submitting the proposal. Key information should include relevant number of years of experience and responsibility held in various assignments.
- (g) Any additional information relevant to the successful completion of the assignment.
- (h) The Technical Proposal shall not include any financial information.

13. Financial Proposal:

In preparing the Financial Proposal, consultants are expected to take into account the requirements and conditions outlined in the RFQ documents and list all costs associated with the assignment.

The Data Sheet indicates how long the proposals must remain valid after the submission date. During this period, the consultant is expected to keep available the professional staff proposed for the assignment. The Client will make its best effort to complete negotiations within this period. In the event of the need to extend the validity period of the proposal, the consultants who do not agree have the right not to extend the validity of their proposals.

14. Evaluation of Technical Proposal:

The evaluation committee appointed by the Client, as a whole, and each of its members individually, will evaluate the proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria and point system as specified in table below.

S/N	AWARD CRITERIA	ALLOCATED SCORES
1.	Specific experience of the Consultants/firm related to the assignment	25
2.	Adequacy of the proposed work plan and methodology	40
3.	Qualification and Competence of the key staff for the assignment	25
4.	Knowledge and experience of the region	5
5.	Language	5
	TOTAL POINTS	100

The passing mark for technical evaluation is set at 70%

15. Overall Evaluation of the Proposals:

A FIRM will be selected under the Quality and Cost Based Selection Method procedures described in this RFQ.

The formula for determining the financial scores is: $S_f = 100 \times F_m/F$

Where S_f is the financial score, F_m is the lowest price and F the price of the proposal under consideration.

The weights given to the technical and Financial Proposals are:

Technical = __70%__, and

Financial = __30%__

Overall pass mark for a successful applicant is set at 70% taking both the technical and financial considerations during the evaluation.

16. Guidance for Technical and Financial Proposal

- a) This capacity building assignment is considered holistically by the client to include both the development of training materials and delivery of the training sessions. However, the consultant is advised to separate the cost of developing of training materials from the cost of delivery of the trainings at all levels in the proposal.
- b) In consideration of future planning, AFREC may sign a separate framework contract with the consultant for a period of up to 5 years to conduct several training sessions at all levels beyond those specified in this RfP based on requests from the Member States and availability of Funds. In this regard, the consultant is advised to clearly indicate the lumpsum cost of delivering in person training in English and French at all levels and where applicable the cost for virtual trainings as well.
- c) In all cases, for in person training sessions, AFREC will cover the consultant travel cost of facilitators as per Africa Union rules and regulations by providing return economy class tickets and daily subsistence allowance (DSA) for the consultant staff servicing the training sessions. The consultant will nominate in consultation with AFREC a minimum of two or a maximum of three facilitators for every in-person session.

2. General Conditions of Contract

1. GENERAL PROVISIONS

1.1 Definitions

Unless the context otherwise requires, the following terms whenever used in this Contract have the following meanings:

- (a) “Applicable Law” means International Law;
- (b) “Contract” means the Contract signed by the Parties, to which these General Conditions of Contract (GCC) are attached, together with all the documents listed in Clause 1 of such signed Contract;
- (c) “Contract Price” means the price to be paid for the performance of the Services, in accordance with GCC Clause 6;
- (d) “Country specified for performance of the Services” means the Country specified in the SCC;
- (e) “Effective Date” means the date on which this Contract comes into force and effect pursuant to GCC Clause 2.1;
- (f) “Foreign Currency” means any currency other than Currency of the Country specified for performance of the Services;
- (g) “GCC” means these General Conditions of Contract;
- (h) “Local Currency” means the Currency of the Country specified for performance of the Services;
- (i) “Member,” in case the Consultants consist of a joint venture of more than one entity, means any of these entities; “Members” means all these entities, and “Member in Charge” means the entity specified in the SCC to act on their behalf in exercising all the Consultants’ rights and obligations towards the Client under this Contract;
- (j) “Party” means the Client or the Consultants, as the case may be, and “Parties” means both of them;
- (k) “Personnel” means persons hired by the Consultants or by any Sub-Consultant as employees and assigned to the performance of the Services or any part thereof. “Foreign Personnel” means such persons who at the time of being so hired had their domicile outside the Country specified for the performance of the Services. “Local Personnel” means such persons who at the time of being so hired had their domicile within the Country

specified for performance of the Services. “Key Personnel” means the Personnel referred to in GCC Clause 4.2(a).

- (l) “SCC” means the Special Conditions of Contract by which the GCC may be amended or supplemented;
- (m) “Services” means the work to be performed by the Consultants pursuant to this Contract, as described in Appendix A hereto;
- (n) “Sub-Consultant” means any person or entity to whom/which the Consultants subcontract any part of the Services in accordance with the provisions of GCC Clauses 3.5 and 4.
- (o) “Third Party” means any person or entity other than the Client, the Consultants or a Sub-Consultant.

1.2 Law Governing the Contract This Contract, its meaning and interpretation, and the relation between the Parties shall be governed by the Applicable Law.

1.3 Language This Contract has been executed in the language specified in the SCC, which shall be the binding and controlling language for all matters relating to the meaning or interpretation of this Contract.

1.4 Notices Any notice, request, or consent made pursuant to this Contract shall be in writing and shall be deemed to have been made when delivered in person to an authorised representative of the Party to whom the communication is addressed, or when to such Party at the address specified in the SCC.

1.5 Location The Services shall be performed at such locations as are specified in Appendix A and, where the location of a particular task is not so specified, at such locations as the Client may approve.

1.6 Authorised Representatives Any action required or permitted to be taken, and any document required or permitted to be executed, under this Contract by the Client or the Consultants may be taken or executed by the officials specified in the SCC.

1.7 Taxes & Duties

1.7.1 African Union Exemption from Taxes & Duties The African Union and its organs are exempted from all direct taxes, and are exempted from customs duties in respect of articles imported or exported for its official use in conformity with the General Convention on Privileges and Immunities. Accordingly, the Consultant authorises the Commission of the African Union (AUC) to deduct from payments any amount representing such taxes or duties charged to the African Union by the Consultant. In the event that any taxing authority refuses to accept the African Union’s exemption from such taxes or duties, the Consultant shall immediately consult with the AUC.

- 1.7.2 Consultant Obligations on Taxes & Duties** A Consultant shall be responsible for obtaining exemption for the African Union of all such taxes, duties, license fees, and other impositions incurred within African Union Member States, unless otherwise agreed in writing by the AUC.

Consultants, Sub-Consultants, and their Personnel shall pay such other taxes, duties, fees, and other impositions as may be levied by the law of their domicile country.

2. COMMENCEMENT, COMPLETION, MODIFICATION, AND TERMINATION OF CONTRACT

- 2.1 Effectiveness of Contract** This Contract shall come into force and effect on the date (the “Effective Date”) of the Client’s Letter of Acceptance instructing the Consultants to begin carrying out the Services. This notice shall confirm that the effectiveness conditions, if any, listed in the SCC have been met.

- 2.2 Commencement of Services** The Consultants shall begin carrying out the Services thirty (30) days after the date the Contract becomes effective, or at such other date as may be specified in the SCC.

- 2.3 Expiration of Contract** Unless terminated earlier pursuant to Clause 2.6, this Contract shall terminate at the end of such time period after the Effective Date as is specified in the SCC.

- 2.4 Modification** Modification of the terms and conditions of this Contract, including any modification of the scope of the Services or of the Contract Price, may only be made by written agreement between the Parties.

2.5 Force Majeure

- 2.5.1 Definition**
- (a) For the purposes of this Contract, “Force Majeure” means an event which is beyond the reasonable control of a Party and which makes a Party’s performance of its obligations under the Contract impossible or so impractical as to be considered impossible under the circumstances. Force Majeure includes, but is not limited to, war, riots, civil disorder, earthquake, fire, explosion, storm, flood or other adverse weather conditions, strikes, lockouts or other industrial action (except where such strikes, lockouts or other industrial action are within the power of the Party invoking Force Majeure to prevent), confiscation or any other action by government agencies.
 - (b) Force Majeure shall not include (i) any event which is caused by the negligence or intentional action of a Party or such Party’s Sub-Consultants or agents or employees, nor (ii) any event which a diligent Party could reasonably have been expected to both: (a) take into account at the time of the

conclusion of this Contract; and (b) avoid or overcome in the carrying out of its obligations under this Contract.

- (c) Force Majeure shall not include insufficiency of funds or failure to make any payment required under the Contract.

2.5.2 No Breach of Contract

The failure of a Party to fulfill any of its obligations under the contract shall not be considered to be a breach of, or default under, this Contract insofar as such inability arises from an event of Force Majeure, provided that the Party affected by such an event: (a) has taken all reasonable precautions, due care and reasonable alternative measures in order to carry out the terms and conditions of this Contract; and (b) has informed the other Party as soon as possible about the occurrence of such an event.

2.5.3 Extension of Time

Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

2.5.4 Payments

During the period of their inability to perform the Services as a result of an event of Force Majeure, the Consultants shall be entitled to continue to be paid under the terms of this Contract, as well as to be reimbursed for additional costs reasonably and necessarily incurred by them during such period for the purposes of the Services and in reactivating the Service after the end of such period.

2.6 Termination

2.6.1 By the Client

The Client may terminate this Contract, by not less than thirty (30) days' written notice of termination to the Consultants, to be given after the occurrence of any of the events specified in paragraphs (a) through (d) of this GCC Clause 2.6.1 and sixty (60) days' in the case of the event referred to in (e):

- (a) if the Consultants do not remedy a failure in the performance of their obligations under the Contract, within thirty (30) days after being notified or within any further period as the Client may have subsequently approved in writing;
- (b) if the Consultants become insolvent or bankrupt;
- (c) if, as the result of Force Majeure, the Consultants are unable to perform a material portion of the Services for a period of not less than sixty (60) days;
- (d) if the Consultant, in the judgment of the Client has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for or in executing the Contract. For the purpose of this clause:

“corrupt practice”¹⁵ is the offering, giving, receiving or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;

“fraudulent practice”¹⁶ is any act or omission including a misrepresentation that knowingly or recklessly misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation;

“collusive practice”¹⁷ is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;

“coercive practice”¹⁸ is impairing or harming or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;

“obstructive practice” is deliberately destroying, falsifying, altering or concealing of evidence material to any investigation or making false statements to any investigators in order to materially impede any investigation into allegations of a corrupt, fraudulent, coercive or collusive practice; and/or threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation;

- (e) if the Client, in its sole discretion, decides to terminate this Contract.

2.6.2 By the Consultants

The Consultants may terminate this Contract, by not less than thirty (30) days’ written notice to the Client, such notice to be given after the occurrence of any of the events specified in paragraphs (a) and (b) of this GCC Clause 2.6.2:

- (a) if the Client fails to pay any monies due to the Consultants

¹⁵ “another party” refers to an officer of the AU acting in relation to the procurement process or contract execution. In this context, “officer of the AU” includes staff and employees of other organisations taking or reviewing procurement decisions.

¹⁶ a “party” refers to any officer of the AU; the terms “benefit” and “obligation” relate to the procurement process or contract execution; and the “act or omission” is intended to influence the procurement process or contract execution.

¹⁷ “parties” refers to any participants in the procurement process (including officers of the AU) attempting to establish bid prices at artificial, non competitive levels.

¹⁸ a “party” refers to any participant in the procurement process or contract execution.

pursuant to this Contract and not subject to dispute pursuant to GCC Clause 7 within forty-five (45) days after receiving written notice from the Consultants that such payment is overdue; or

- (b) if, as the result of Force Majeure, the Consultants are unable to perform a material portion of the Services for a period of not less than sixty (60) days.

2.6.3 Payment upon Termination

Upon termination of this Contract pursuant to GCC Clauses 2.6.1 or 2.6.2, the Client shall make the following payments to the Consultants:

- (a) remuneration pursuant to GCC Clause 6 for Services satisfactorily performed prior to the effective date of termination;
- (b) except in the case of termination pursuant to paragraphs (a) and (b) of GCC Clause 2.6.1, reimbursement of any reasonable cost incident to the prompt and orderly termination of the Contract, including the cost of the return travel of the Personnel and their eligible dependents.

2.7 Entire Agreement

This Contract contains all covenants, stipulations and provisions agreed by the Parties. No agent or representative of either Party has authority to make, and the Parties shall not be bound by or be liable for, any statement, representation, promise or agreement not set forth within the Contract or written modifications thereto pursuant to GCC Clause 2.4.

3. OBLIGATIONS OF THE CONSULTANTS

3.1 General

3.1.1 Standard of Performance

The Consultants shall perform the Services and carry out their obligations with all due diligence, efficiency, and economy, in accordance with generally accepted professional techniques and practices, and shall observe sound management practices, and employ appropriate advanced technology and safe methods. The Consultants shall always act, in respect of any matter relating to this Contract or to the Services, as faithful advisers to the Client, and shall at all times support and safeguard the Client's legitimate interests in any dealings with Sub-Consultants or Third Parties.

3.2 Conflict of Interests

3.2.1 Consultants Not The remuneration of the Consultants pursuant to GCC Clause 6 shall

- to Benefit from Commissions, Discounts, etc.** constitute the Consultants' sole remuneration in connection with this Contract or the Services, and the Consultants shall not accept for their own benefit any trade commission, discount, or similar payment in connection with activities pursuant to this Contract or to the Services or in the discharge of their obligations under the Contract, and the Consultants shall use their best efforts to ensure that the Personnel, any Sub-Consultants, and agents of either of them similarly shall not receive any such additional remuneration.
- 3.2.2 Compliance with Procurement Rules** If the Consultants, as part of the Services, have the responsibility of advising the Client on the procurement of goods, works or services, the Consultants shall comply with the African Union procurement regulations and at all times exercise such responsibility in the best interest of the Client. Any discounts or commissions obtained by the Consultants in the exercise of such procurement responsibility shall be for the account of the Client.
- 3.2.3 Consultants and Affiliates Not to be Otherwise Interested in Project** The Consultants agree that, during the term of this Contract and after its termination, the Consultants and their affiliates, as well as any Sub-Consultant and any of its affiliates, shall be disqualified from providing goods, works, or services (other than the Services and any continuation thereof) for any project resulting from or closely related to the Services.
- 3.2.4 Prohibition of Conflicting Activities** Neither the Consultants nor their Sub-Consultants nor the Personnel shall engage, either directly or indirectly, in any of the following activities:
- (a) during the term of this Contract, any business or professional activities in the Country specified for performance of the Services which would conflict with the activities assigned to them under this Contract; or
 - (b) after the termination of this Contract, such other activities as may be specified in the SCC.
- 3.3 Confidentiality** The Consultants, their Sub-Consultants, and the Personnel of either of them shall not, either during the term or within two (2) years after the expiration of this Contract, disclose any proprietary or confidential information relating to the Project, the Services, this Contract, or the Client's business or operations without the prior written consent of the Client.
- 3.4 Insurance to be Taken Out by the Consultants** The Consultants (a) shall take out and maintain, and shall cause any Sub-Consultants to take out and maintain, at their own cost but on terms and conditions approved by the Client, insurance against the risks, and for the coverage, specified in the SCC; and (b) at the Client's request, shall provide evidence to the Client showing that such insurance has been taken out and maintained and that the current premiums have been paid.

- 3.5 Consultants' Actions Requiring Client's Prior Approval** The Consultants shall obtain the Client's prior approval in writing before taking any of the following actions:
- (a) entering into a sub-contract for the performance of any part of the Services,
 - (b) appointing such members of the Personnel not listed by name in Appendix C ("Key Personnel and Sub-Consultants"), and
 - (c) any other action that may be specified in the SCC.
- 3.6 Reporting Obligations** The Consultants shall submit to the Client the reports and documents and software specified in Appendix B in the form, in the numbers, and within the periods set forth in the said Appendix.
- 3.7 Documents Prepared by the Consultants to Be the Property of the Client** All plans, drawings, specifications, designs, reports, other documents and software submitted by the Consultants in accordance with Clause 3.6 shall become and remain the property of the Client, and the Consultants shall, not later than upon termination or expiration of this Contract, deliver all such documents and software to the Client, together with a detailed inventory thereof. The Consultants may retain a copy of such documents and software. Restrictions about the future use of these documents, if any, shall be specified in the SCC.

4. CONSULTANTS' PERSONNEL

- 4.1 Description of Personnel** The titles, agreed job descriptions, minimum qualifications, and estimated periods of engagement in the carrying out of the Services of the Consultants' Key Personnel are described in Appendix C. The Key Personnel and Sub-Consultants listed by title as well as by name in Appendix C are hereby approved by the Client.
- 4.2 Removal and/or Replacement of Personnel**
- (a) Except as the Client may otherwise agree, no changes shall be made in the Key Personnel. If, for any reason beyond the reasonable control of the Consultants, it becomes necessary to replace any of the Key Personnel, the Consultants shall provide as a replacement a person of equivalent or better qualifications.
 - (b) If the Client finds that any of the Personnel have (i) committed serious misconduct or have been charged with having committed a criminal action, or (ii) has reasonable cause to be dissatisfied with the performance of any of the Personnel, then the Consultants shall, at the Client's written request specifying the grounds thereof, provide as a replacement a person with qualifications and experience acceptable to the Client.
 - (c) The Consultants shall have no claim for additional costs arising out of or incidental to any removal and/or replacement of Personnel.

5. OBLIGATIONS OF THE CLIENT

- 5.1 Assistance and Exemptions** Unless otherwise specified in the SCC, the Client shall use its best efforts to ensure that the African Union Commission shall:
- (a) provide the Consultants, Sub-Consultants and Personnel with work permits and such other documents as shall be necessary to enable the Consultants, Sub-Consultants or Personnel to perform the Services;
 - (b) arrange for the Personnel and, if appropriate, their eligible dependents to be provided promptly with all necessary entry and exit visas, residence permits, exchange permits and any other documents required for their stay in the Country specified for performance of the Services;
 - (c) facilitate prompt clearance through customs of any property required for the Services and of the personal effects of the Personnel and their eligible dependents;
 - (d) issue to officials, agents and representatives of the African Union Commission all such instructions as may be necessary or appropriate for the prompt and effective implementation of the Services;
 - (e) exempt the Consultants and the Personnel and any Sub-Consultants employed by the Consultants for the Services from any requirement to register or obtain any permit to practice their profession or to establish themselves either individually or as a corporate entity according to the Laws of the Country specified for performance of the Services;
 - (f) grant to the Consultants, any Sub-Consultants and their Personnel the privilege, pursuant to the Applicable Law, of bringing into the Country specified for performance of the Services reasonable amounts of foreign currency for the purposes of the Services or for the personal use of the Personnel and their dependents, and of withdrawing any such amounts as may be earned therein by the Personnel in the execution of the Services
- 5.2 Modification of Contract Sum** If, after the date of this Contract, there is any change with respect to a failure by the Client to gain exemption from taxes and duties which increases the cost of the services rendered by the Consultants, then the remuneration and reimbursable expenses otherwise payable to the Consultants under this Contract shall be increased accordingly by agreement between the Parties, and corresponding adjustments shall be made to the ceiling amounts referred to in GCC Clauses 6.1 and 6.2.
- 5.3 Services and Facilities** The Client shall make available to the Consultants, free of any charge, the Services and Facilities listed under Appendix F.

6. PAYMENTS TO THE CONSULTANTS

- 6.1 Lump-Sum Remuneration** The Consultant's total remuneration shall not exceed the Contract Price and shall be a fixed lump-sum including all staff costs, Sub-Consultants' costs, printing, communications, travel, accommodation, and the like, and all other costs incurred by the Consultant in carrying out the Services described in Appendix A. Except as provided in GCC Clause 5.2, the Contract Price may only be increased above the amounts stated in GCC Clause 6.2 if the Parties have agreed to additional payments in accordance with GCC Clause 2.4.
- 6.2 Contract Price** (a) The price payable in foreign currency is set forth in the SCC.
(b) The price payable in local currency is set forth in the SCC.
- 6.3 Payment for Additional Services** For the purpose of determining the remuneration due for additional services as may be agreed under Clause 2.4, a breakdown of the lump-sum price is provided in Appendices D and E.
- 6.4 Terms and Conditions of Payment** Payments will be made to the account of the Consultants and according to the payment schedule stated in the SCC. Unless otherwise stated in the SCC, the first payment shall be an advance payment made against the provision by the Consultants of a bank guarantee for the same amount, and shall be valid for the period stated in the SCC. Any other payment shall be made after the conditions listed in the SCC for such payment have been met, and the Consultants have submitted an invoice to the Client specifying the amount due.
- 6.5 Interest on Delayed Payments** If the Client has delayed payments beyond ninety (90) days after receipt by the Client, interest shall be paid to the Consultants for each day of delay at the rate stated in the SCC.

7. SETTLEMENT OF DISPUTES

- 7.1 Amicable Settlement** The Parties shall use their best efforts to settle amicably all disputes arising out of or in connection with this Contract or its interpretation.
- 7.2 Dispute Settlement** Any dispute between the Parties as to matters arising pursuant to this Contract that cannot be settled amicably within thirty (30) days after receipt by one Party of the other Party's request for such amicable settlement may be submitted by either Party for settlement in accordance with the provisions specified in the SCC.
